

Schedule

Thursday 20. June 2013

13.00h Martin Mundhenk, Complexity of Intuitionistic Logics.

14.00h Coffee Break

14.30h Andreas Cord-Landwehr, A Network Creation Game with Locality

15.00h Andreas Koutsopoulos, A Deterministic Worst-Case Message Complexity Optimal Solution for Resource Discovery

15.30h Martin Aumüller, Optimal Partitioning for Dual Pivot Quicksort

16.00h Coffee Break

16.30h Thomas Zeume, On the quantifier-free dynamic complexity of Reachability

17.00h Julian-Steffen Müller, A Fragment of Dependence Logic Capturing Polynomial Time

17.30h Arne Meier, Paradigms for Parameterized Enumeration

18.00h Assembly of the GI-Fachgruppe "Komplexität"

19.00h Dinner
